3.3.4: Outreach activities for influencing and sensitizing students to social issues and contributing to community development.

“To produce teachers with a high purpose and intense pragmatism who will be the change agents in future “.

The institute not only focus on curricular and co- curricular activities but also on overall personality development of students. To sensitize students about community issues and to work for them is one of the important activities of institution. Institution organises various outreach activities so that students can participate in different community activities. Due to organising outreach activities students get opportunity to them to improve someone’s life and make community better.

During the last five year institution conducted various outreach activities at different places. CSSM faculties participated in the of community work service.

Institution worked on following area to sensitize students about community problems.

Focus areas of outreach activities during the last five years.
